SUMMARY

Priyanshu Kumar is a passionate Frontend Web Developer skilled in HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, and Next.js, with expertise in dynamic component rendering. He gained valuable experience during his internship at BHU, Varanasi, developing responsive web applications. Proficient in programming languages like Python, C++, Java, PHP, and database management with MySQL, he is also skilled in design tools like Figma and Canva.

His projects, "EduBird.in" and "Angio Website," showcase his ability to build real-world applications that combine functionality with user-friendly design.

Currently pursuing a Bachelor of Computer Applications (BCA), Priyanshu excels in Git version control, problem-solving, communication, and adaptability, delivering innovative and functional web solutions.

EXPERIENCE

June-Aug-2024, BHU ,Varanasi Uttar Pradesh

Frontend Web Developer Intern

MAKEINDAS

- During my two-month internship at MAKEINDAS, located within the Banaras Hindu University (BHU) campus, I had the unique opportunity to delve deep into the world of web development.
- This offline internship provided a hands-on experience that allowed me to apply my theoretical knowledge in real-world projects, while also expanding my skill set in a dynamic and collaborative environment.
- Developed high-performance, responsive web applications, resulting in an 80% improvement in page load times and a 50% increase in site speed scores.
- Implemented smooth animations and responsive designs, enhancing user engagement and reducing bounce rates by 30%.

Junior Php Developer

January-June-2025 , Pandeypur,Varanasi, UP

Techoriginator

- Gained hands-on experience in full-stack web development over 6 months, focusing on both front-end and back-end technologies.
- Developed and maintained web applications using PHP, integrating with MySQL databases.
- Improved UI/UX using HTML, CSS, JavaScript, and Bootstrap to ensure responsive design across all devices.
- Worked on SEO optimization techniques to enhance website visibility and performance.
- Collaborated with the team to understand project requirements and deliver clean, efficient code.

SKILLS

Frontend Frameworks: HTML, CSS, JavaScript, React, bootstrap CSS ,Next.js, Dynamic Component rendering.

Programming languages: Python, C++, C, Java, JavaScript, Php.

Database: SQL,(Mysql) .

Design: Figma, Canva.

GIT: Git Version control, Managed codebase with Git, creating and merging branches, resolving conflicts, and reviewing pull requests.

Other Skills: Problem Solving, Wordpress Communication, Video Editing, Photo Editing, Critical Thinking, Quick learner and adaptability .

EDUCATION

Bachelors of Computer Application (BCA): 2022 - 2025

- United University
- Prayagraj, Uttar Pradesh,
- 8.5 CGPA

EDUCATION

Master of Computer Application (MCA): 2025 - 2027

- Lovely Professional University
 - Jalandhar ,Phagwara, Punjab,
 - 8.00 CGPA
-

CERTIFICATIONS

MakeIndas

Certificated Issued for web development internship to enhance skills in front-end and back-end technologies and contribute.

Internshala

Seeking an 8-week web development internship on Internshala to gain practical experience and improve coding skills.

PROJECTS

EduBird

- Mentorship platform that connects learners with expert mentors in various tech domains.
- Built using CodeIgniter (CI) framework, with front-end technologies like HTML, CSS, JavaScript, and jQuery.
- Integrated MySQL database and PHP to manage user data and mentoring sessions effectively.

LLR Website

- NGO website built with Core PHP, offering multiple interactive features like food recipes, music streaming, and live chat.
 - Utilized HTML, CSS, JavaScript, Bootstrap, and SQL for building responsive, feature-rich user interfaces.
-
